The first issue is global warming. Global warming means a trend toward warmer temperatures throughout the world, with more extreme weather in many places and changes in food production that could affect our way of life. 0. Problems often come up in life. Sometimes they're personal problems – people are very unhappy, or nervous and irritable all the time. Sometimes there are problems in a marriage -- a husband and wife just can't get along with each other. Or, sometimes it’s a personal problem with a child or a job. I'd like to ask you a few questions now about what you think a person might do to handle problems like this.

For instance, let's suppose you had a lot of personal problems and you're very unhappy all the time. Let's suppose you've been that way for a long time, and it isn't getting any better. What do you think you'd do about it?

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8\textsuperscript{th} grade/high school/college]. During the last month [John/Mary/Juan/Maria] has started to drink more than [his/her] usual amount of alcohol. In fact, [he/she] has noticed that [he/she] needs to drink twice as much as [he/she] used to to get the same effect. Several times, [he/she] has tried to cut down, or stop drinking, but [he/she] can’t. Each time [he/she] has tried to cut down, [he/she] became very agitated, sweaty and [he/she] couldn’t sleep, so [he/she] took another drink. [His/Her] family has complained that [he/she] is often hung-over, and has become unreliable – making plans one day, and canceling them the next.

\textit{M2VIG2}

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8\textsuperscript{th} grade/high school/college]. For the last two weeks [John/Mary/Juan/Maria] has been feeling really down. [He/She] wakes up in the morning with a flat, heavy feeling that sticks with [him/her] all day long. [He/She] isn’t enjoying things the way [he/she] normally would. In fact nothing seems to give [him/her] pleasure. Even when good things happen, they don’t seem to make [John/Mary/Juan/Maria] happy. [He/She] pushes on through [his/her] days, but it is really hard. The smallest tasks are difficult to accomplish. [He/She] finds it hard to concentrate on
anything. [He/She] feels out of energy and out of steam. And even though [John/Mary/Juan/Maria] feels tired, when night comes [he/she] can't get to sleep. [John/Mary/Juan/Maria] feels pretty worthless, and very discouraged. [John/Mary/Juan/Maria]'s family has noticed that [he/she] hasn't been [him/her]self for about the last month, and that [he/she] has pulled away from them. [John/Mary/Juan/Maria] just doesn't feel like talking.

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8th grade/high school/college]. Up until a year ago, life was pretty okay for [John/Mary/Juan/Maria]. But then, things started to change. [He/She] thought that people around [him/her] were making disapproving comments, and talking behind [his/her] back. [John/Mary/Juan/Maria] was convinced that people were spying on [him/her] and that they could hear what [he/she] was thinking. [John/Mary/Juan/Maria] lost [his/her] drive to participate in [his/her] usual work and family activities and retreated to [his/her] home, eventually spending most of [his/her] day in [his/her] room. [John/Mary/Juan/Maria] became so preoccupied with what [he/she] was thinking that [he/she] skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, [he/she] was walking back and forth in [his/her] room. [John/Mary/Juan/Maria] was hearing voices even though no one else was around. These voices told [him/her] what to do and what to think. [He/She] has been living this way for six months.

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8th grade/high school/college]. Up until a year ago, life was pretty okay for [John/Mary/Juan/Maria].
